**JUDGE**

All Regular, Non-Regular & Unofficial Classes

**Ms. Cheryl Myers Egerton**

P.O. Box 1130,  
 Minto, NB, Canada E4B 3Y7

**Welcome to the  
Japanese Spaniel Club of Canada's  
Eighth Annual Specialty Show**

On behalf of the JSCC, I would like to thank the Exhibitors for entering their Japanese treasures in this Specialty! We are very pleased to have Ms. Cheryl Myers-Egerton as our Judge.

I would especially like to thank our Show Chair, Gail Forsythe for the enormous amount of time and energy she spent to organize this show!

Our Club is small, 14 members at this time, spread all over Canada from Nova Scotia to Vancouver Island. It can be difficult for many members to travel between east and west, due to having dogs to look after, the high cost of travel or perhaps health concerns.

It is always exciting to meet other Japanese Spaniel fanciers – both old friends and new – and I hope that everyone has an enjoyable stay in Calgary.

*Don Brown*

President, Japanese Spaniel Club of Canada

**Biography: Judge Cheryl Myers Egerton**

I am very pleased to be asked to judge the Japanese Spaniel Specialty this year. Judging specialties are of particular interest to me, in that I have done many, of many breeds and enjoy seeing breeds of distinction. I began judging in 1984 and have judged in many countries around this dog world. And have judged many specialties.

My introduction to Japanese Spaniels came from being introduced to Mrs. Whitford (Valleja) in Montreal, PQ, where Wynn and I spent a great deal of time. Mrs. Whitford was very adamant in the breed and very much a mentor for those who would judge the breed. She was keen in many points and loved her 'Theodore'. Also of interest for her was size and those very important points in making this lovely breed such as it is.

I am sure I will enjoy my assignment and wish to thank the club members who nominated me for this specialty.

Wishing all exhibitors an enjoyable specialty and day.

*Cheryl Myers Egerton*

## **Canadian Kennel Club Japanese Spaniel Breed Standard**

### **General Appearance**

That of a lively, high-bred little dog with smart, dainty appearance, compact carriage and profuse coat.

### **Size**

In size they vary considerably, but the smaller they are the better, provided type and quality are not sacrificed. When divided by weight, classes should be under and over 7 lb. (3 kg).

### **Coat and Colour**

Coat profuse, long, straight, rather silky. It should be absolutely free from wave or curl, and not lie too flat, but have a tendency to stand out, especially at the neck, so as to give a thick mane or ruff, which with profuse feathering on thighs and tail gives a very showy appearance. The dogs should be either black and white or red and white, i.e., parti-coloured. The term red includes all shades of sable, brindle, lemon and orange, but the brighter and clearer the red the better. The white should be clear white, and the colour, whether black or red, should be evenly distributed patches over the body, cheek, and ears.

### **Head**

Should be large for the size of the dog, with broad skull, rounded in front. Nose very short in the muzzle part. The end or nose proper should be wide, with open nostrils, and must be the colour of the dog's markings, i.e., black in black-marked dogs, and red or deep flesh colour in red or lemon-marked dogs. It shall be a disqualification for a black and white Japanese Spaniel to have a nose any other colour than black. Eyes large, dark, lustrous, rather prominent and set wide apart. Ears small and V-shaped, nicely feathered, set wide apart and high on the head and carried slightly forward.

### **Neck**

Should be short and moderately thick.

### **Forequarters**

The bones of the legs should be small, giving them a slender appearance, and they should be well feathered.

### **Body**

Should be squarely and compactly built, wide in chest, cobby in shape. The length of the dog's body should be about its height.

## Hindquarters

Feet small and shaped somewhat long; the dog stands up on its toes somewhat. If feathered, the tufts should never increase in width of the foot, but only its length a trifle.

## Tail

Must be well twisted to either right or left from root and carried up over the back and flow on opposite side; it should be profusely covered with long hair (ring tails not desirable).

## Gait

These dogs should be essentially stylish in movement, lifting the feet high when in action, carrying the tail (which is heavily feathered, proudly curved or plumed) over the back.

## Disqualifications

In black and whites, a nose any other colour than black.

## CANADIAN KENNEL CLUB CHAMPIONSHIP POINT SCHEDULE

Section 2. The schedule to be employed in the determination of the number of points awarded Winners shall be as follows:

*DOGS COMPETING	1	2	3 - 5	6 - 9	10 - 12	13 & More
POINTS ALLOCATED	0	1	2	3	4	

To determine the number of championship points earned by a dog awarded Winners, total all the dogs in competition which the dog defeated, directly or indirectly, for the highest of the following official breed awards: Winners, Best of Winners, Best of Breed or Best of Opposite Sex and then consult the schedule set forth above.
